ENVIRONMENTAL STATEMENT

There is a sincere effort at Hi5 Furniture to maintain responsibility to our environment. We work towards waste reduction, recycling and conservation. We make every effort to preserve our natural resources. The Hi5 factories recycles cardboard, aluminum, steel, plastic, wood, paper and use powder coating to eliminates the hazards of wet painting.

We pride ourselves in exceeding the federal, state and local codes. Being a "Green" company is a continuous process and we will forever research new materials and processes.

At Hi5 we are committed to think "Green" to produce products in a safe healthy environment for everyone.
