

# Hi5

## COBY COLLECTION

The Coby Square base is shown with power and acrylic divider panel.

## COBY SQUARE

The newest designer icon in the Hi5 line is the Coby Collection. Spanning from conference tables to standing height hospitality tables, and even to computer work stations, Coby transforms its style in two forms.

The low profile Apron Base supports the weight of a solid surface top and incorporates concealed handbag hooks.

The Square Bases are offered with standoffs to give the tops a floating appearance.

The 42" high Coby Apron Table is shown with the optional foot rail bar on the base. The foot bar is standard on tables 84" long and longer.

## COBY APRON

Coby Apron bases make great hospitality tables at 18", seated height tables at 29", cafe height tables at 36", and bar height tables at 42". Coby Apron tops are available in laminate, veneer, or solid surface tops in thicknesses from 1-1/4" to 1-1/2"

Coby Apron Tables come standard with Handbag Holders.
