Special Order & Seasonal Notes

- Non-Standard Finishes: 8-12 week production lead time.
- Peak Season Notice: Orders requested for **June or July delivery** should be placed at least 2 weeks earlier than standard lead times due to increased production demand.

Important Ordering Information

- Lead times are estimates and may change depending on production volume and material availability.
- Lead times begin once the order is confirmed and all required information is received.
- Order changes may reset lead time depending on production status.
- Large quantity or project orders may require additional production time.
- Shipping transit times are estimates and do not include production time.
- Inspect all freight upon delivery and note any damage with the carrier before signing.
