Gather Collection

Iconic Revolution designed the Gather Collection with the evolving needs of hybrid workspaces in mind. Our products are built for flexibility at life-sized scale, offering height adjustability, mobility, and multiple configurations to support a range of environments—from open collaboration areas to private, focused spaces.

Every piece is thoughtfully engineered to deliver everything you need in one system: function, adaptability, and ease of use. Whether you're reconfiguring a room for teamwork or creating a quiet space for deep focus, our modular solutions shift with your workflow.

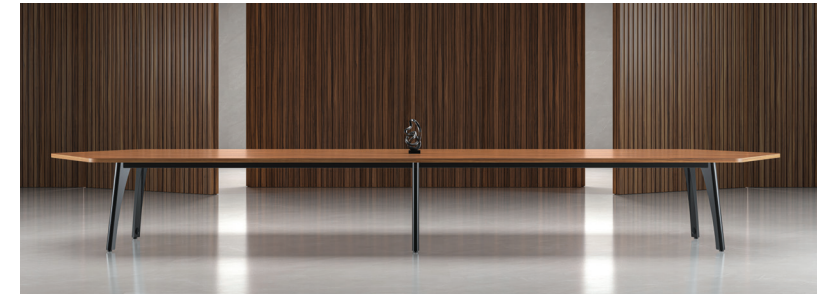

We also prioritize the integration of natural elements, using botanical accents and green features to create environments that feel more grounded, healthy, and human. This approach to biophilic design brings a sense of calm and energy to the modern workspace.

What ties it all together is Iconic Revolution's distinctive style—clean, purposeful, and rooted in practical innovation. We design not just to solve problems, but to elevate the everyday experience of work.

Collection Features

Perimeter mobile task Walls provide flexible solutions for privacy, space division, and information sharing. Equipped with locking casters, they can serve as message centers, research boards, or wayfinding points. When not in use, Perimeter Walls nest for efficient storage.

Illustrate expandable whiteboard features three magnetic whiteboard panels perfect for brainstorming. The panels are compatible with dry-erase markers while the tackable acoustic PET panels offer sound absorption. Capture and save ideas using removable roll-up magnetic sheets which can store on the Provision carts.

Provision service & storage cart is designed for flexibility. It offers storage for whiteboard sheets, markers, and office essentials. Thoughtfully designed with soft Hush fabric details on the handle and shelves, it adds a comfortable, tactile touch. It can also serve as a coffee station, snack cart, printer stand, or hospitality cart.

Hang Out coat rack Combines functionality and style. The Hang Out Coat Rack offers ample space for coats, bags, and umbrellas. Its sculptural design, paired with locking casters, ensures flexible placement in any workspace.

Convene meeting and task tables are designed to bring people together for meetings or gatherings. Convene Tables are available in both seated and bar heights, featuring a convenient footrail for added comfort. Integrated power and wire management, along with ganging solutions keep devices connected and clutter-free, making them ideal for meetings and collaborative sessions.

Venue video pier support seamless video conferencing. Featuring a sleek adjustable camera mount and space for up to a 66" TV, it accommodates a Logitech Rally Bar above or below the display. Integrated power management and acoustic PET panels ensure a distraction-free environment by absorbing sound.

In The Round adjustable workstation offer an ergonomic experience with pneumatic height-adjustable workstation designed for mobility. Effortlessly transition from sitting to standing with the squeeze of a lever. Enhance functionality with bag hooks, pencil holders, and whiteboard accessories. The decorative modesty panel is available in three laser-cut patterns, adding both visual interest and privacy - making it an excellent choice for a personal desk or presentation podium.

Home Base personal caddy offers personal mobility and organization. This personal caddy features a decorative laser-cut basket for bags and belongings, it offers both a 300-lb weight capacity and is ideal for hybrid workers on the move.

Atmosphere botanical stands allow you to bring nature inside. The stands are available in three heights. Choose from vibrant naturally preserved live plants to infuse your space with biophilic charm. These preserved plants are entirely maintenance-free, requiring no watering or sunlight to stay green and fresh. Designed for flexibility, the stands seamlessly transform into stylish storage solutions. Use them as decorative steel buckets to organize files or store office supplies. Want to add a personal touch? Place your own potted plants or flower arrangements in them. Just remember to add a water tray for any live greenery. Whether adding a pop of nature to a conference room, reception area, or personal workspace, Atmosphere Botanical Stands bring both beauty and functionality to your office. Breathe life into your surroundings with a splash of greenery that never fades!

Welcome to the colorful world of the **Gather Collection** which inspires creativity and collaboration. With optional botanical plants, provisions, and technology, Gather keeps your team energized and organized throughout the day.

Gather Collection

In The Round • Provision • Illustrate • Perimeter • Convene

The **Gather Collection** seamlessly divides the room and creates defined areas for collaboration and learning. Starting on the left, meet **In The Round**, a height adjustable personal workstation. Next, is **Provision** which stores your meeting notes on magnetic roll up whiteboards. **Illustrate** divides the room, and features whiteboards, and tackable PET panels. **Perimeter** provides flexible solutions for privacy, space division, and information sharing, while **Convene** tables are perfect for impromptu meetings.

Gather Collection

Perimeter – Mobile Task Wall

Perimeter mobile task walls on smooth-rolling casters provide privacy, room division, and personal space, all in one. Flexible and interchangeable shelves, bins, and planter buckets help organize your workspace while bringing nature into your environment, boost productivity, and create a more inviting atmosphere.

Gather Collection

Perimeter • Illustrate • In The Round

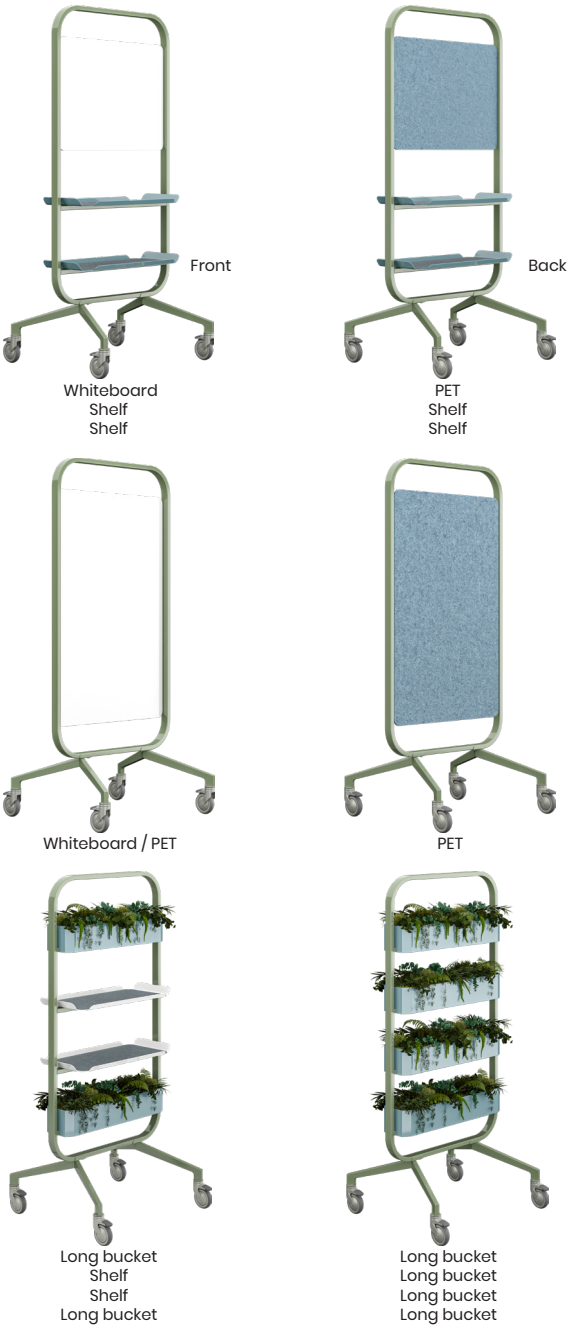

Experience ultimate flexibility with the combination of **Perimeter**, **Illustrate**, and **In The Round**. Featuring height-adjustable workstations for personalized comfort, these pieces can be easily configured to suit your team's needs. Each unit is equipped with locking casters, to ensure smooth movement and a secure setup, allowing you to reconfigure your space easily for maximum efficiency and collaboration.

Maximize your real estate with **Illustrate**, the largest expandable PET and Mobile whiteboard available. When fully open, Illustrate has a 72-inch wingspan, and folds down to a minimal 36-inches. The doors secure to the frame with magnetic catches. Illustrate features nesting capabilities, dual-sided whiteboard panels that support magnetic accessories for holding dry erasers and markers. Add a plain or decorative tackable acoustic PET panel to any surface, or save your work with removable & storable magnetic roll-up whiteboards. Also shown: **Home Base** and **In The Round**.

Gather Collection

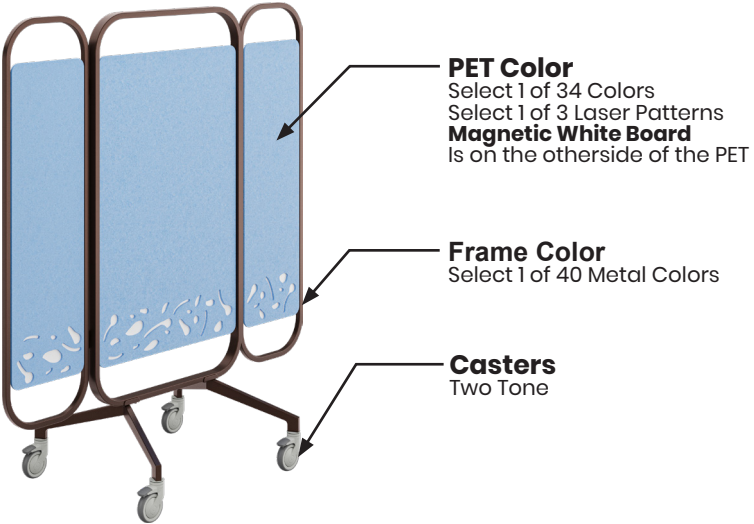

Illustrate • Perimeter • Convene • Venue

Illustrate is the ultimate tool for brainstorming and collaborating with your team. Paired with Venue, and Convene, whiteboard sessions can be streamed and recorded in real time to capture every idea. The **Venue** video pier seamlessly accommodates a Logitech Rally Bar - available from Logitech - which can be positioned perfectly above or below your display for sitting or standing presentations. **Convene** provides a surface to keep all of your personal items organized and ready.

Illustrate expandable whiteboard adds the ability to enhance your space with expandable vertical work surfaces while also providing privacy and style. With the addition of decorative, tackable acoustic PET panels and three laser cut patterns to choose from, you can make Illustrate your own.

Gather Collection

In The Round – adjustable workstation

In The Round pneumatic height adjustable workstations combine sleek design with effortless mobility. Shift from sitting to standing with a simple lever, while stylish bag pegs and optional accessories keep you organized. Choose from three stunning laser-cut modesty panel designs to elevate your workspace. In The Round is functional, flexible, and undeniably chic.

Gather Collection

In The Round • Illustrate

In The Round is perfect for higher education and corporate training environments. This height-adjustable desk transforms into a sleek podium for dynamic presentations. It features thoughtful accessories, like personal whiteboards for jotting down ideas and supply bins that hang from the built-in bag pegs. In The Round elevates your workspace and fosters innovation in every interaction.

Gather Collection

Atmosphere • Home Base • In The Round • Venue

In The Round and **Home Base** are your ultimate companions, seamlessly moving from team meetings to quiet, focused work sessions. With the addition of **Venue** and **Atmosphere**, your workspace transforms into a fluid, adaptable hub that perfectly aligns with your needs. Whether you're collaborating or diving into deep work, this dynamic setup empowers you to stay connected, inspired, and productive.

Gather Collection

In The Round • Home Base

In hybrid work environments where permanent desk space is scarce, check out your **In The Round** mobile workstation and **Home Base** personal caddy for in-office days. As perfect companions, these two can be used in tandem throughout your day.

Home Base • Convene • Venue • Provision

Home Base • Convene • Venue • Provision

Home Base is your stylish, ultra-functional companion. Think of Home Base as a chic vallet with built-in bag hooks, effortlessly transporting your coat, bags, and laptop from meeting to meeting. Need a moment to pause? Perch on it – this caddy can hold up to 300 lbs. The handle is wrapped in a soft Hush fabric for a luxurious tactile feel. The storage basket below is also lined with the Hush fabric, used to dampen the rattling of your belongings when moving from place to place. Sleek laser-cut patterns add an edgy, modern flair. It's not just a piece of furniture; it's a statement of sophistication, ease, and undeniable style. Home Base integrates seamlessly with **Convene**, **Venue** and **Provision**.

Hang your bag, and store all your belongings to keep them safe, secure, and with you throughout your day. **Home Base** has an ample laminate surface that is perfect for your stuff and doubles as a seat to grab a quick break.

Convene - meeting & task tables

Convene meeting & task tables add another facet of work productivity and flexibility to your collaborative environment. Convene bar-height tables can pair with soft seating for a multi-tiered collaborative space. Convene Tables are also available at seated height. Both options feature a convenient footrail for added comfort. Optional ganging, integrated power, and wire management solutions keep devices connected and clutter-free, making them ideal for meetings, collaborative sessions & informal gatherings.

Gather Collection

Convene • Perimeter • Provision • Home Base

Gather is the perfect choice for healthcare therapy environments. Use **Convene** tables as a consultation center for patient evaluations, and **Perimeter** is great for charting patient progress. Use the bins and shelves for storing medical supplies, and add planters to enhance a sense of calm and bring the outdoors in. **Provision** acts as additional storage, while **Home Base** can be used to move physical therapy equipment around. Use Gather to meet all your patients' needs.

Gather Collection
Provision • Convene

Bar-height **Convene** tables are the ultimate statement for hospitality spaces, perfect for elevating catered events with style. Paired with **Provision** carts, they elegantly display your beverages, coffee, plates, and more, creating an natural flow that turns every event into an unforgettable experience.

Provision service and storage carts provide support and storage for your gatherings. Provision is your solution for managing magnetic roll-up whiteboards, paper, ink cartridges and other office essentials. Add the optional Tuck power supply to support a printer and other technology needs. Provision can serve as a hospitality cart for coffee and snacks. Designed with soft Hush fabric details on the handle and shelves, it adds a comfortable, tactile touch.

The **Provision** cart plays a supporting role to store your information on magnetic roll-up whiteboards that can be referenced, reviewed and edited as your project progresses. Inevitably, details will change and it is easy to modify or delete details as needed. Perimeter paired with illustrate helps convey your ideas and solutions.

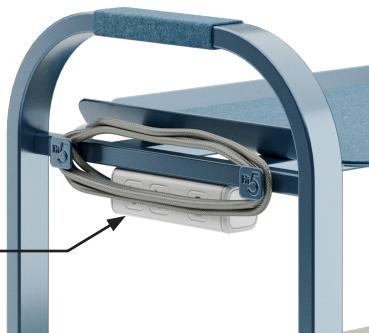

Gather Collection

Provision • Convene

Use **Provision** as a printing and supply station. Provision comes standard with a metal cabinet that has faceted touch-latch doors, featuring built-in power and wire management. Bag pegs double as an innovative cord wrap, keeping your printer and other tech essentials organized, powered and easily accessible.

Gather Collection

Provision - service cart

Elevate your hospitality game with **Provision**, the ultimate serving cart for snacks and beverages. Provision can have up to three spacious 18" x 30" shelves for coffee mugs and supplies. Provision effortlessly blends style and practicality. Customize Provision with coordinating metal colors and luxurious Hush fabric details on the push handles and shelf surfaces, adding a soft, noise dampening tactile touch that's as sophisticated as it is functional.

Gather Collection

Perimeter • Venue • Convene

Transform your video conferencing experience with the **Venue** video pier. Designed for seamless integration, it features a sleek, adjustable camera mount and accommodates up to a 66-inch TV, with space for a Logitech Rally Bar above or below the display. Integrated power management and acoustic PET panels create a distraction-free environment by absorbing sound, ensuring crystal-clear communication.

Intermingle The **Venue** video pier with **Convene** meeting tables, creating a highly functional class room or meeting space for your video presentation and training solutions. Enhance your presentations with the perfect blend of style and function by combining a row of seated height tables in front of row of bar height tables. This smart, multi-level arrangement ensures a clear, unobstructed sightline for every attendee, so no one misses a moment of your presentation. Also shown: **Atmosphere with Moss Plants**.

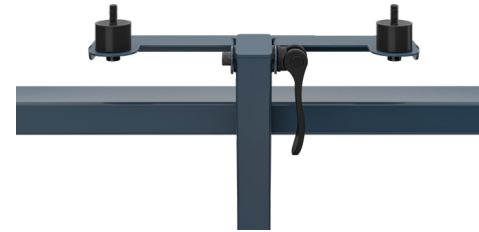

Gather Collection

Venue – video pier

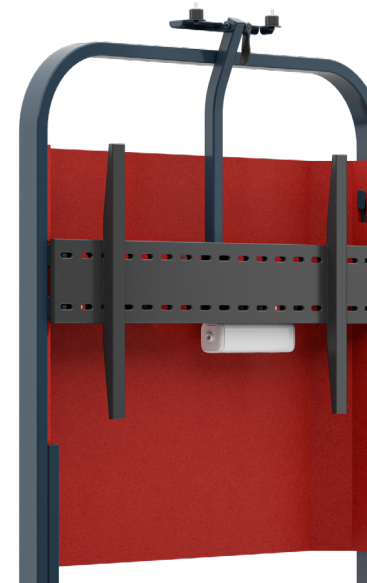

The **Venue** video pier features customizable finishes—select from various metal colors for the frame, planter buckets, shelves, and cabinet, as well as Hush fabric liner and PET back cover colors. It's more than just functional; it's a sophisticated, high-end solution for your modern workspace.

Camera Mount
Camera Not Included

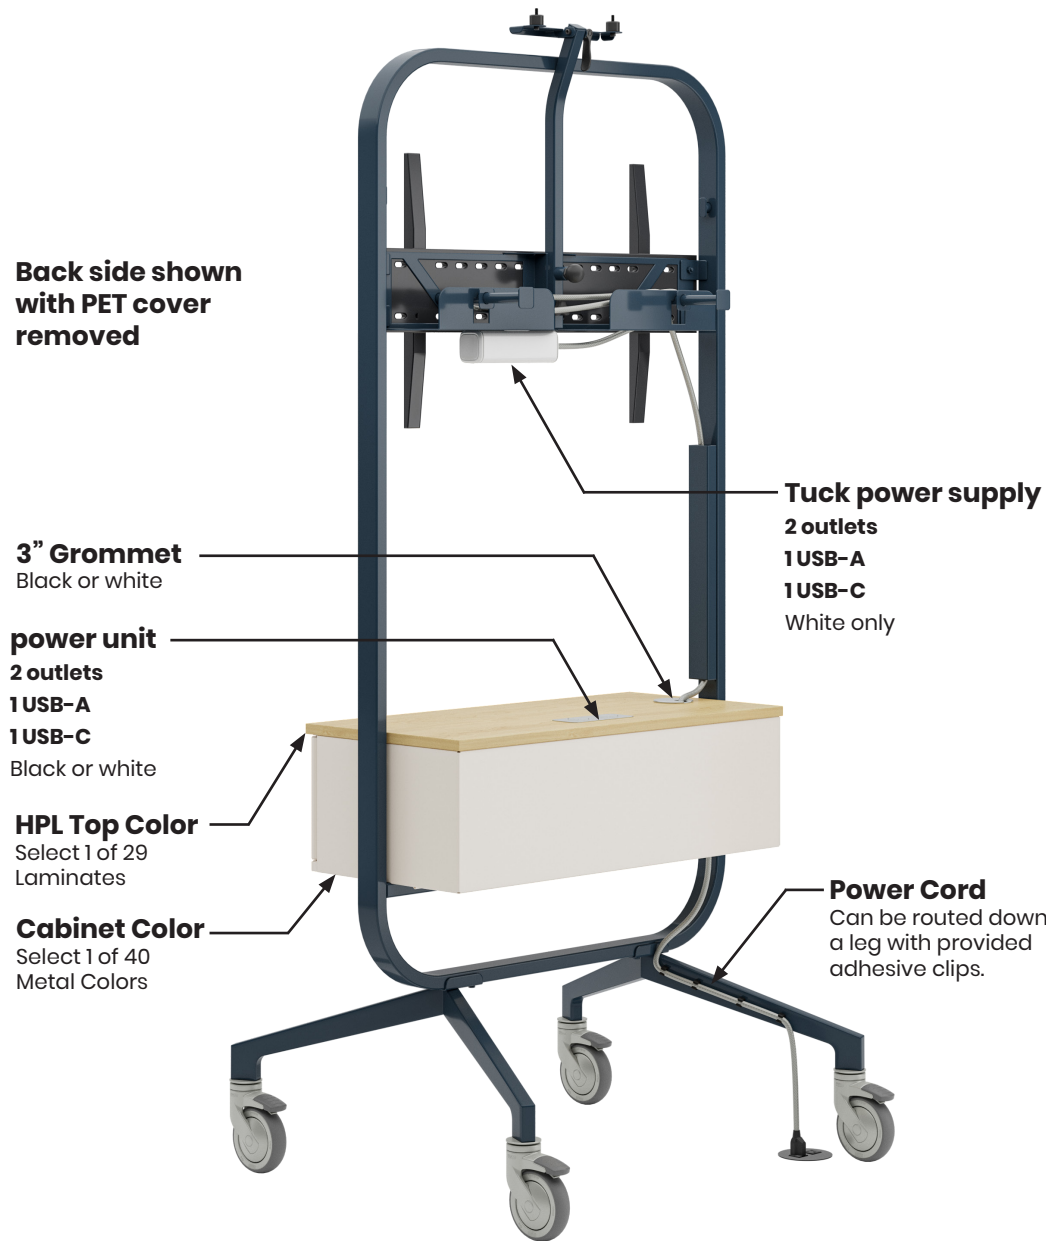

The **Venue** video pier includes a versatile, adjustable camera mount designed to accommodate a range of AV devices, including the Logitech Rally Bar – known for its larger size and weight. The mount can be easily adjusted to suit different meeting formats. Position it above the TV for standing presentations or below the TV for seated discussions to ensure ideal camera angles and clear visibility.

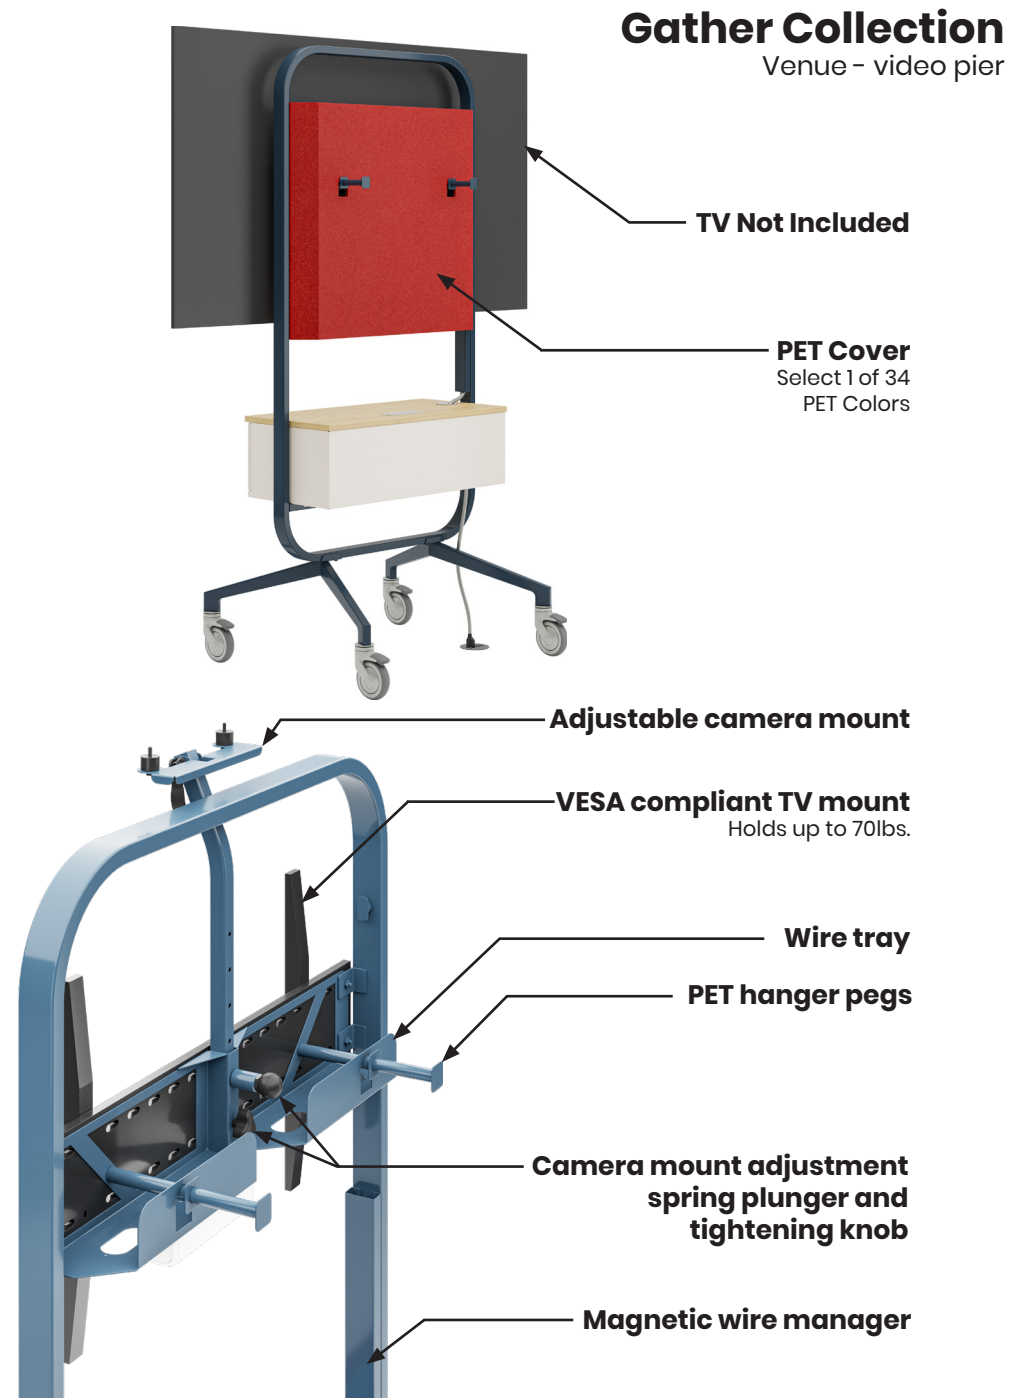

Camera Mount

Camera Mount
Down position

The **Venue Pier** includes a versatile, adjustable camera mount designed to accommodate a range of AV devices, to suit different meeting formats — position it above the TV for standing presentations or below the TV for seated discussions to ensure ideal camera angles and clear visibility. For added stability, the mount is equipped with a durable tightening lever that securely locks your AV equipment in place, minimizing movement and vibrations during use. This thoughtful design ensures a professional and uninterrupted video conferencing experience.

Gather Collection

Athmosphere – botanical stands

Elevate your space with **Athmosphere**, a collection of mobile botanical stands in three heights that bring nature indoors. Designed as a biophilic accent, these stands add life and style to any room, with casters for easy mobility. Use your own potted plants or specify HI5's Moss or Jungle plant options. The **Perimeter** planter box accessory can also be used on windowsills, ledges, or wherever your interior needs a touch of greenery. A water tray, not provided, should be added when using your own live greenery. Transform your environment with Atmosphere.

Half Planter Buckets

Long Planter Bucket

Hi5 Jungle plant

Typical Jungle Plants are standard with a variety of: Algerian Ivy • Asparagus Fern • Brocade Moss • Cider Gum Foxtail Millet • Lady Fern • Leather Leaf Fern • Vegetable Lamb.

Hi5 Moss plant

Typical Moss Plants are standard with a variety of: Brocade Moss • Chinese Cymbidium • Cider Gum • Green Trick Dianthus • Himalayan Ivy • Leather Leaf Fern • Lemon Scented Gum.

Hi5 only uses real plants, which are preserved with a natural process that uses glycerine and food coloring. As a result, the plants become stable and require no additional care. The special preservation method is based on water, food coloring, and glycerine (or salt), and therefore poses no health risks. No care is necessary. On the contrary, the preserved plants should never be watered under any circumstances. They also require no light, and because of their antistatic properties, they do not collect dust. In short: 100% nature, 0% care.
